

06/07/22: The streets that have been recently chip sealed, now need to have the remaining chips swept up. The contractor is targeting Thursday, June 9th or Friday, June 10th as an alternate date. The contractor is asking for “no parking” on these specific streets/Avenues on Thursday until after they are done sweeping. If they do not get the streets swept Thursday, the “no parking” would then apply to Friday. They move very quickly so there should be very little inconvenience.

Proposed 2022 Chip Sealing project
