**SEWER UTILITY**

The **Residential Rate** is a fixed charge of \$21.00 per month per water meter and a charge of \$0.50 cents per 1000 gallons of water used for the January, February and March 15<sup>th</sup> meter readings. Remaining year rate is based on the average amount of January, February, and March 15<sup>th</sup> billed.

In the event that a customer's premise is unoccupied during the months of January, February or March, the sewer rate shall be based on the water consumption during the first full month of occupancy. For new services or for new residents in existing homes starting after March of each year, the utility shall set the monthly charge based on similar families until January of the following year.

The **Commercial Rate** is a fixed charge of \$21.00 per month per water meter and a charge of \$0.50 cents per 1000 gallons of water used each month.
