RE: South Side Drainage New York Ave

Important – please read

Dear New York Avenue residents,

You are receiving this letter because **garbage pickup** at your residence will be impacted by road construction beginning July 8th, 2020. Those of you living in the Twin Homes on the South side of New York Ave between 2nd St and 3rd St will need to relocate your garbage cans to 3rd Street on the south side of New York Ave. Waste Management or T&G will pick up garbage from all four twin homes at that single location. Your current garbage pickup day will stay the same. You will also need to make arrangements with the Wahpeton post master for mail delivery. It will be up to each resident, in these twin homes, to arrange their mail pickup through the Wahpeton post office.

For those residents living on the streets between Oregon and New York Ave whose homes face the streets, your mail delivery will not be disrupted however; effective immediately, **garbage pickup will be on the street and not in the alleyways** as the garbage trucks will not be able to get turned around in the alleys.

The above directives will stay in place until this project is complete. Scheduled completion is Oct. 17th.

We understand that this will create hardship and inconvenience for certain residents but ask for your patience and understanding. Please keep in mind that all street repairs within city limits generate a certain amount of inconvenience for affected residents and is unavoidable. **Our sincerest apologies!**

This letter serves as your official notice. Feel free to contact City Hall at 218-643-1431 with questions or concerns.

Thank you in advance for your support and cooperation.

Neil Crocker
