Wireless Hotspots are Now Available!

Lake Agassiz Regional Library has added Wireless Hotspots to its collection, offering wireless Internet access to those without it at home and those who wish to stay connected while traveling. Wireless Hotspots are portable internet access devices that allow you to connect to a WiFi network using your computer, smartphone or another device while away from your home, school or office Internet connection. Minnesota Residents within the Lake Agassiz Regional Library service area can check out Wireless Hotspots the same way they would check out a book or DVD, with a 14 day loan period and two possible auto-renewals if no one else has requested it. To request a device, place a hold on a wireless hotspot in the library's catalog, or call the Breckenridge Public Library at 218-643-2113 for assistance. You can learn more about the new hotspots and how to find them in the catalog at larl.org/hotspots.
