CHI Foundation

Mary & Mary Ann with the St. Francis Foundation Board are looking to have a family-friendly event fundraiser showcasing the location, along with the new farm. They are inquiring about piggybacking with the Headwaters Day Event. They would plan the event for the afternoon (maybe noon to 6pm). Some ideas for the event could possibly include hayrides, pony rides, vendors, carnival rides, farmers market, etc. They have a board meeting on Monday and are looking to start the planning process.

The committee discussed the benefits of adding more things to do around the community on the day of this event.

*Neil offered a motion to approve and welcome the CHI Foundation to plan their event along with Headwaters Day 2023. The motion was seconded by Chris and carried unanimously.

Update from the Wahpeton Breckenridge Chamber of Commerce

With the changing of staffing in the future at the Chamber of Commerce Lori G. reached out to Lisa (Executive Vice President) to get some insight and clarification on some of the items that were handled by the Chamber in the past and what the future planning will look like.

-Lisa sent an email with the Chamber of Commerce boards discussion. The board has voted to not assume liability for parades in the future, but continue with doing advertising, flyers and any other marketing that has been done in the past several years. They will not be taking care of garbage. Also, depending on whether the ALC would be interested in receiving the \$2000 that was received in the past from the City of Breckenridge and given to the Chamber to be used in such items as the DJ and other entertainment. In the case the ALC would assume the funding to these such items, then the Chamber would not be placing ads in the newspaper or KBMW and would only use social media for advertising this event.

-Lori C. double checked with the League of Minnesota Cities (insurance) and the response is: if the city is sponsoring a parade, the city, city employees, officials and volunteers will be covered by the city's LMCIT liability coverage.

-The committee discussed what past events have entailed and what their hopeful plans are for the future.

*Shawn offered a motion to have the Active Living Committee receive the funds of \$2000 from the City of Breckenridge to be used for entertainment, advertising, and any other expenses accrued for Headwaters Day 2023. The motion was seconded by Neil and carried unanimously.

Lori G. will contact the Chamber and let them know what the committee has decided. She will compile a list for next month's meeting to get started on the specifics in the planning.
